**International
Partnership
Programme**

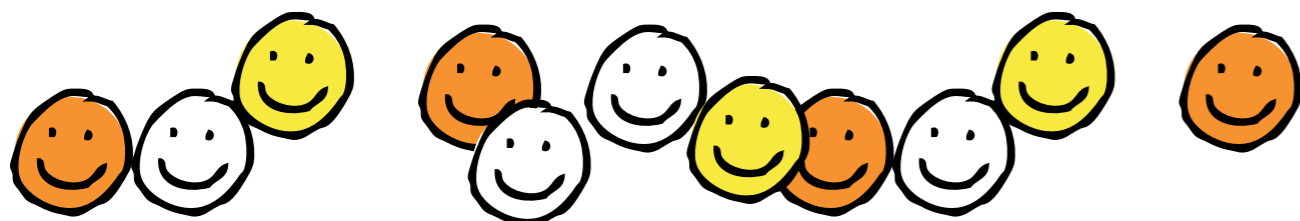

WORKING **together.** FOR THE BETTER.

We work in partnership with many charities just like yours. We carry out projects on the ground on your behalf. However big, however small. We can do the work for you, leaving you with the peace of mind to carry on with your most important task - your own fund-raising.

Orphans in Need plays a leading role in the global battle against poverty, starvation, illiteracy and exploitation. We have over a decade of experience in this sector, so we understand the problems and we have the infrastructure to react quickly in times of crisis.

We also have an enviable track record of implementing humanitarian programmes in the field - wherever that may be around the world. Which is why we have established our Orphans in Need Delivery division.

SHARING **responsibility** FOR HUMAN DISASTERS AND CONFLICT.

Because of our holistic approach, **Orphans in Need** can be relied on to administer projects wherever they're needed. We work throughout Asia, the Far East and Africa, as well as in the United Kingdom. Wherever we operate on your behalf, we are fully accountable. We work within your time frames and observe full reporting procedures so that you are always well informed.

Therefore between us, we'll never let you down. And more importantly, we'll never let the children down.

OUR DREAM. HAPPIER **children** EVERYWHERE.

We focus on orphans. We care deeply about their every need. Comfortable shelters and adequate nutrition. Decent clothing and clean drinking water. Hygienic sanitation and professional medical care. Comprehensive education. And most importantly of all, we give them loving care and guidance in a place that they can call 'home'.

INTERNATIONAL **PartnerShIPS.** LEAVING NOTHING TO CHANGE.

As part of our co-operative philosophy, we also run an international emergency relief fund. We set this up to help other like-minded bodies - organisations such as the World Food Programme, the United Nations and MGR. By maintaining this fund at all times, we can make sure that monies are directed to other charities when and if necessary, without impacting on our own planned projects.

We're proud to be the team that helps other charities to realise their goals. In the worldwide demand to combat the dreadful effects of natural disasters, wars or social unrest, Orphans in Need is your lifeline to a happier outcome.
